Our Approach

Who is this for?

Students who have achieved at least a 25 composite, but want a higher score.

Why should I do this? Isn't 25 a good score?

Yes! It is a good score, but it will not allow you to access the largest scholarships. Most significant scholarships require at least a 27 on the ACT combined with a high GPA.

Can I really raise my score over 7 days?

Yep! You will target your weaknesses and develop an individual strategy.

Plus, you will get tons of practice.
